

ENVIRONMENTAL POLICY

Smet Building Products Ltd

This Environmental Policy sets out the main environmental aims of the company, and provides a framework for setting and reviewing environmental objectives. The Managing Director with his Management Team are responsible for regularly reviewing this policy and ensuring that appropriate resources are provided to enable its effective implementation.

Policy Statement

Smet Building Products Ltd realises that it can only remain successful if its activities and its products reflect the environmental attitudes of society. Environmental issues and society's values will be taken into account in the future development and planning of the company. To this end we will:

- Conduct our operations in such a way to have minimum adverse impact on the environment.
- Strive to purchase materials that can be used and disposed of responsibly.
- Promote the use of materials that can be recycled where possible, and which can be used in an energy-efficient way.
- Minimise waste in our operations by following the principles contained within the Hierarchy of Waste.
- Ensure responsible and ethical disposal of any waste products to avoid and prevent pollution in accordance with relevant legislation
- Plan to conserve energy by the efficient use of our equipment, vehicles and office facilities.
- Favour suppliers who are committed to sustainable environmental improvement.
- Train our employees in environmental issues relating to their day to day work and encourage them to care for our community.
- Encourage our employees to make suggestions on how our environmental performance can be improved.
- Continually strive to improve our environmental performance.
- Comply with all applicable legislation and any other requirements that relate to our environmental aspects.

This policy shall provide a framework for setting environmental objectives and will be reviewed by Management at management review meetings, be communicated to all employees and made available to interested parties on Smet Building Products Ltd website.
