

Updated in line with new
waterproofing standards
DIN 18531, DIN 18533 – 18535

Sopro Bathroom System Solution

Sopro AEB 640 waterproofing and separating membrane
Flexible, crack-bridging, stress-relieving, waterproof – for strong bond with cementitious tile adhesive. For waterproof sheet membranes below tile coverings to DIN 18534

Sopro Sanitary Silicone
High-grade, elastic, acetic-curing silicone sealant for filling and sealing perimeter and movement joints

Sopro RMK 818/MKS 819 Racofix® universal adhesives
Ready-to-use, one-component universal adhesives for waterproof bonding at sheet laps and joints

Sopro HPS 673 bonding primer
Special silica sand-modified primer, applied as bonding layer to impervious, smooth and non-absorbent substrates

Sopro AEB 644/645 wall/floor collars
For flexible waterproof sealing of pipe penetrations, offering strong bond

Sopro FDF 525/FDF 527 flexible sealing compound
Highly elastic, one-component, liquid polymer waterproof coatings for application to walls and floors. For waterproof membranes below tile coverings to DIN 18534

Sopro GD 749 primer
Rapid-drying, solvent-free synthetic resin primer for high- and variable-suction substrates

Sopro AEB 148 flexible sealing tape
For flexible bridging and waterproofing of perimeter and movement joints, offering strong bond

Sopro's No.1 400 S1 flexible tile adhesive
Highly deformable, S1-grade flexible tile adhesive, offering very high coverage and excellent workability

Sopro RAP 2 434 renovation and levelling render
Sag-resistant, rapid-set, cementitious render for rendering, patching and smoothing wall surfaces

Sopro GD 749 primer
Rapid-drying, solvent-free synthetic resin primer for high- and variable-suction substrates

Sopro's No.1 400 S1 flexible tile adhesive
Highly deformable, S1-grade flexible tile adhesive, offering very high coverage and excellent workability

Sopro's No.1 404 rapid-set S1 flexible tile adhesive
Rapid-set, S1-grade flexible tile adhesive, offering very high coverage and excellent workability

Sopro DSF 523/623 1-component flexible/1-comp. flex. rapid-set sealing slurry
One-component flexible sealing slurries for waterproof membranes below tile coverings to DIN 18534

Sopro DSF 423 2-component flexible sealing slurry
Fibre-reinforced, two-component flexible sealing slurry for waterproof membranes below tile coverings to DIN 18534

Sopro VF 419 Silver large-format S1 flexible tile adhesive
Silver-grey, rapid-set, flexible thin-, medium- and floating-bed tile adhesive, meeting C2 EF S1 requirements to DIN EN 12004, for large-format floor tiles

Sopro Rapidur® FE 678 self-levelling screed
Ready-to-use, polymer-modified dry mix for production of rapid-set cement screeds allowing early flooring installation after approx. 24 hours

Sopro Rapidur® M5 rapid-set screed mortar
Ready-to-use, polymer-modified dry mix for highly economical production of cement screeds allowing early flooring installation after approx. 24 hours

Sopro Rapidur® M1 rapid-set screed mortar
Ready-to-use dry mix for fast and highly economical production of cement screeds allowing early flooring installation after approx. 4 hours

Sopro TDS 823 two-component turbo sealing slurry
High-performance, flexible, rapid-set sealing slurry for waterproof membranes below tile coverings to DIN 18534

Sopro RAM 3 454 renovation and levelling mortar
Excellently mouldable, rapid-set, fibre-reinforced render and surface filler for smoothing, patching and rendering wall and floor surfaces, and for formation of angle fillets

Sopro DF 10 flexible designer tile grout
Brilliantly coloured, flexible, rapid-set tile grout, offering enhanced protection against mould formation and microorganisms

Sopro FDP 558 tile insulation board
Impact-sound-insulating, resin-bonded polyester fibreboard as stress-relieving separating layer

Sopro FKM 600 Silver multi-purpose flexible tile adhesive
Silver-grey, multi-purpose, rapid-set, highly polymer-modified flexible tile adhesive, meeting C2 FT S1 requirements to DIN EN 12004, with original Rhenish trass

Sopro FKM XL 444 eXtraLight flexible tile adhesive
Multi-purpose, extra-light, extra-high-coverage, S1-grade flexible tile adhesive, particularly suitable for large-format fully vitrified stoneware wall and floor coverings
